Hi, Mr. Boyd,

I received a notice of public hearing regarding my neighbor's plan to build a swimming pool and spa. I am not available to attend the hearing, but here is my concerns.

I will be very disappointed if the Milpitas City approves this project. We are in a sever drought. Everyone in this State is urged to cut down the frequency of watering their lawns. I even cut down my shower time and have not refreshed my 600 Gal. spa. It is not because I cannot afford to pay the water bill, it is the consciousness. It appears the Sobek's never received the drought warning and decided to build a swimming pool while everyone is trying to conserve the water.

Regards,
